Additional Provision Information

ExpertEase Tuition provides one-to-one online tuition for young people within the with medical needs and are in Local Authority care. Our tutors are all qualified teachers who are fully vetted support young people who are unable to access school due to their medical needs or who need an additional support with their education. Our main aim is to provide high quality educational packages to our young people and liaise with all relevant agencies including – schools, CAMHS, social workers, local authorities to support their educational achievement and or/transition back into the classroom environment.

Many of our young people have EHCP's or are in the process of applying and regularly we provide evidence for applications as well as attend review meetings.

All tuition is delivered online. ExpertEase Tuition have found this method of delivery particularly useful for disengaged students and those with mobility issues who are able to learn from the comfort of a familiar environment whether that is within their home or at another suitable learning environment.

Pastoral Support Offered – please provide a summary of the pastoral care you provide

Our tutors and mentors play an active role in providing pastoral support, careers advice and guidance to students. This includes supporting with application forms, researching careers pathways.

We have had success in supporting students in the following ways:

- Agreeing and implementing a plan of support, working with multi agencies including: schools, the LA, health care professions from which students
- Tailored support for each student.
- Working with students to increase confidence, develop communication skills and to both set and exceed short and long term goals.
- Recording, reviewing and reporting on work with each student. Maintaining accurate, well organised and up to date records of work and sharing this with relevant agencies.
- Contributing to the review and development of the transition/action plan by attending regular online meetings and sharing good practice.
- Where appropriate encourage the student to attend school events and liaise with stakeholders to provide the support required e.g careers days, sports days, assemblies. This helps the student feel integrated within the school community.
