Business apprentice - administration assistant

Kick start your business administration career within the leisure industry with a friendly team. You'll gain practical experience alongside attending college once a week to gain your apprenticeship qualification. Tasks involved include dealing with customer queries/orders via phone, email or in person at reception, filing, booking in swimming lessons in tutors diaries, going through all candidates that need to renew their lessons and helping stock the swimming shop. **Closing date 31 July.**

Army apprentice

Earn as you learn. Travel the world. Make mates for life. As a soldier in the army, you'll do more than you thought possible. You'll be part of an organisation dedicated to helping you make the most of your potential. That means while you train to be a soldier, you'll have the opportunity to earn industry-recognised apprenticeships while earning around £23,496 per year.

Childcare apprentice

You will work four days a week as a nursery assistant, gaining practical experience delivering activities such as arts and crafts, singing and outdoor play. You'll also attend college once a week. You'll maintain accurate children's records and respond to issues requiring confidentiality and support policies relating to diversity and equality. You'll help the nursery day run smoothly and also work in partnership with parents around the needs of their children and attend parent events and meetings as required. **Closing date 31 July**

Careers in childcare – Brighter Futures for Children

Childcare is a career you can be proud of and there are many fantastic career opportunities in Reading. As an apprentice, no previous experience is required and you'll be mentored by qualified staff members alongside study to understand child development, building relationships and how to keep children safe, to achieve a childcare qualification.

Apprentice ICT technician

You'll provide first line technical advisory and diagnostic support to European Electronique's customers within a service desk environment, and remote network monitoring and management. You'll respond to reported technical issues professionally & competently and keep maintain records on the service management system, resolving issues within the customer's service level agreement. You'll provide an effective communications interface between the school customers and the various groups within European Electronique and much more. **Closing date 26 July.**

Apprentice engineer

Join EMCOR UK working on site at the Atomic Weapons Establishment in Aldermaston. You'll receive fully funded education in technical qualifications and on-the-job training in a unique engineering environment. The placement will last four years during which you'll will work on site four days a week and one day at college, with the intention to become a permanent member of staff.
