for

TWOS

How does it work?

If you have a child aged two-years-old and you meet the eligibility criteria (opposite) you are entitled to a maximum of 15 hours per week of funded early education, for 38 weeks per year.

This will start from the term after your child's second birthday and will continue until they are entitled to the early years education for three and four-year-olds.

Where?

At any Ofsted registered provider such as a local nursery, pre-school, playgroup or childminder that is eligible to receive funding. To find out about childcare options in your area, please contact our Family Information Service.

The benefits

Research has shown that good quality early education can:

- Improve children's development, including learning and communication skills
- Help them learn to socialise and play with new friends
- Give your child the experience of playing new activities including messy play that you may not want to do at home!
- Be the first steps towards getting ready for school

Childcare is also good for families.

It gives you a bit more time to spend with other children, take up a college course, volunteer, go back to work, or just have some you time.

"My child has come on brilliantly since attending the nursery, her sentences are becoming longer and clearer."

- Working Tax Credit 4-week run on (the payment you get when you stop qualifying for Working Tax Credit)
