Additional Provision Information

Fledge Tuition delivers SEMH alternative provision for children and young people across both primary and secondary stages. We create personalised programmes that address academic, emotional, and social needs, offering mentoring that challenges, motivates, and encourages growth. Our aim is to build resilience and self-belief, helping students succeed in their learning journey and preparing them confidently for their next step in education

At Fledge, we collaborate with schools, local authorities, families, and social care providers to spark a love of learning in young people and help them move confidently into their next educational stage. By shaping learning around their individual passions and strengths, we capture their interest, sustain their engagement, and give them the strongest chance to succeed.

We are able to offer tuition services and can provide functional skills maths and English. All services include reports, and review meetings etc
