

Dads-to-be antenatal group

Are you about to be a new dad? Is this a whole new experience for you?

Meet other dads-to-be at a friendly **FREE** session led by a midwife and children's centre staff.

You'll get to learn or practice practical baby care skills and understand the importance of your role as a supportive partner during pregnancy and labour, and as a father when your baby is home.

Please note, you will need to attend both sessions.
